**The Seminar promises to be a great event with speakers, experts in their own field, and in their own inimitable way, lecturing and holding workshops to which any delegate is entitled to attend.**

This is the latest in a long series of highly successful FoH Seminars that usually are booked to capacity. This seminar is particularly special in that it marks the year of the changes forecast by many based upon the Mayan Calendar.

This year also coincides with changes to a New Dimension for the human race forecast and mentioned by non-physical sources on numerous occasions, which now is very imminent.

**Make your booking now to avoid disappointment.**
